1. Why are you interested in serving on the SPNA Board?

As time passes, all neighborhoods change. As a father I feel a deep desire to help direct those changes in such a way as to make sure that the neighborhood I have chosen to raise my children in will be a healthy environment for my family. I am excited to be a part of the processes of making sure that as things develop, we do everything that we can to encourage positive changes, and help to preserve those aspects of our neighborhood that we already like.

2. Please describe any previous community leadership experience (e.g. service on an SPNA committee or task force, block club leader, etc.)

This past year I joined the Imagine Slatterly leadership team as we were nearing the completion of the vision plan, and was part of the process of bringing it to fruition. I also joined the SPNA board this summer, and am seeking to continue my service going forward.

3. Please describe any specific skills that you would bring to the board (i.e. community organizing, financial management, legal background, event planning, etc.):

Some of my skills that may be helpful would include a degree in business administration, where I learned to love accounting, and business law; a service-oriented way of life as an Eagle Scout; and years of experience improving processes for efficiency.

4. Please describe any experience you have working for or serving on the board of a nonprofit organization:

As an Eagle Scout I have vast experience planning activities and organizing service projects. I have also served as the president of several organizations within my church, as well as having been the financial clerk for my church.
